STATUS & OVERVIEW

PROJECT STATUS

The Frederick Douglass High School & Joseph C. Briscoe Academy project has concluded its feasibility study.

The project is in Pre Design phase to release funds and develop a memorandum of understanding (MOU) to for all partners to sign.

NEXT STEPS

Once the MOU is signed, the project can start procurement for architectural and engineering services and begin Design.

Design is expected to begin early 2023.

TIMELINE & MILESTONES

School Core Team
(Principal, Teachers, Staff)

Community Meeting
(Open to the Public & Feedback Encouraged)

Students
(Open to past and present students)

Timeline is approximate and subject to change.

***After Design Development specific design feedback cannot be incorporated. However, general feedback & comments will be taken.*

PLANNING

COMPLETED

- Initial Feasibility Study
- Mid Feasibility Study
- Final Feasibility Study

STATE APPROVALS/PRE-DESIGN

IN PROGRESS

- Board Vote (Public Meeting)
- Swing Plan Presentation
- Architect & Engineer Interviews
- Architect & Engineer Selection
- AE Selection Presentation

DESIGN

SY 2022/23 - SY 2023/24

- Concept**
Design Review & Meetings
Approvals
- Schematic**
Design Review & Meetings
Approvals
- Design Development****
Design Review & Meetings
Approvals
- Transportation/Swing Prep**
- Final Design Presentation**

CONSTRUCTION

SY 2024/25 - SY 2025/26

- Construction Kick-Off**
- Construction Updates**
- Swing Relocation Meetings
- Final Construction Update**

SWING SPACE

WHY?

There were numerous considerations reviewed when considering construction options. A renovation was selected for this project based on community request to retain spaces with traditional significance, cost implications, and the historic nature of the building. Due to the extensive amount of work required for a project of this size, keeping students onsite during construction is not the safest option.

WHAT WILL WE COVER?

1. Location & Timeline
2. Process
3. Transportation
4. Athletic Facilities
5. Next Steps

SWING SPACE LOCATION

Frederick Douglass High School will relocate temporarily to the **Garrison Building** located at 3910 Barrington Road, Baltimore, Md 21207.

Joseph C. Briscoe Academy will remain in its current location until the renovated building is ready for co-location.

MOVE IN TIMEFRAME

- School community will move into swing space at the end of the Design phase.
- School must be in swing space before the start of construction for the safety of students and staff.
- **Expected Move In Date: Summer 2024**

SWING SPACE PROCESS

Frederick Douglass at the Garrison Building.

PROGRAMMATIC & SPACE PLANNING

- Detailed planning will take place with central office and school leadership to prepare Frederick Douglass High School for swing.
 - This planning includes ensuring that program spaces are transferred over. This includes Frederick Douglass' unique program spaces such as:
 - Special Education/General (Special Education Middle & High Classrooms; PRIDE support spaces)
 - Technology Education (Tech Lab; Law & Leadership CTE Classrooms/Lab; EMT; RAMP)
- Central office will coordinate swing planning with the necessary internal departments such as Transportation, Education, Food & Nutrition and Academics.

1

SWING SPACE PROCESS

Frederick Douglass at the **Garrison Building**.

FACILITY PREPARATIONS

- Upgrades will be made to create spaces comparable to existing facilities.
 - This includes upgrading spaces to meet the needs of the identified specific programming and to address any health and safety issues.
 - The facilities department and the Maryland Stadium Authority will schedule a walk and develop a recommendation on facility preparations of the Garrison Building.
 - This swing space building is equipped with AC.

2

SWING SPACE PROCESS

Frederick Douglass at the **Garrison Building**.

LOGISTICAL MOVE PREPARATION

- Coordinate monthly check-ins with principal and timelines for packing and moving.
- Walk swing space with Principal/ school leadership.
- Develop move plan (map existing rooms to swing rooms).
 - Ex. Teacher Y is currently in room 2; they will now be in room 12 at swing location.
- Walk Principal/school leadership through swing space with final plan.
- Distribute communications to school community on swing relocation plan.

3

SWING SPACE TRANSPORTATION

Frederick Douglass at the **Garrison Building**.

ROUTINE TRANSPORTATION

- The students who attend Frederick Douglass live in a variety of different neighborhoods. The MTA is the primary method of providing transportation to secondary students and will continue to be the primary method for when students are in a swing space.
- Students who receive specialized transportation will continue to have that support.
- Transportation will be in communication with MTA about student transportation needs for swing spaces. MTA typically provides updated schedules for the school year in August.

ATHLETIC FACILITIES

Frederick Douglass at the **Garrison Building**.

ATHLETIC FACILITIES

- City Schools is still exploring all athletic facilities options, which may include installing some fields at the Garrison building, updating the gymnasium, using partner spaces, etc.
- The Garrison building does not have a pool.
- Fields at the current Frederick Douglass High School may be available for use.

SCHOOL LEADERSHIP PLANNING

School leadership will be provided with early access to the space to allow time to become familiarized and acclimated.

SCHOOL COMMUNITY DISCUSSIONS

Once school leadership has reviewed plans for swing space, the school community will have an opportunity to hear additional details regarding the school's transition to the swing location.
